Team Composition: Teams are arranged based on league handicaps of registered team players and from their respective handicaps (high, low, and two in the middle). In the event that two players from the same “league team” landed on the same “fun night team”, they were separated with a nearby player so that all four players on the “fun night team” are from different “league teams”.

(Rules and league sort are provided on next page)

General Rules:

- League Rules apply.
- Everyone plays from appropriate tee box location.
- The team then QUICKLY selects the best tee shot. This becomes the “selected shot”. The other three player’s shots will be QUICKLY picked up and played NEAR the “selected shot”.
- NEAR is defined as one club length of that spot, while not changing the lie or moving closer to the hole.
- Once you are on the green, the “selected shot” is marked and all players must place their ball within a putter head width and no closer to the hole.
- Play proceeds in this fashion until the ball is holed out.
- The team then records one score for the hole.
- NO MULLIGANS.
- NO GIMMES.
- Balls off green must be played within one club length of the “selected shot” location and no closer to the hole.
- Putts must be played within a putter width of the “selected shot” and no closer to the hole.
- Balls may NOT be moved out of a hazard or particular grass cut with the “one club length” rule. If the “selected shot” resides in a hazard, all players must play from the hazard. If the “selected shot” is in the rough, all players must play from the rough.
